And we'll let you know if they work for our consultants – likely tomorrow. Thanks.

Best,

Nico van Aelstyn

Either time slot works for me as well. Thanks.
Buzz

Thanks, Brianna. Those times work for me. As long as the RPMs will be on, I think it makes sense for us to have members of our consultant team on as well. I will check with them to see if these times work for them.

All best,

Nico van Aelstyn

I think it would be easiest to have both RPMs on. We have some availability on Monday at 11 or in the afternoon after 1.

Thanks, Brianna – and thanks, Buzz, for cc'ing me. I agree with Buzz that two calls makes sense— or perhaps one call that includes both RPMs. Thanks.

Nico

Got it; thanks. I'm copying Nico too Brianna so he's in the loop. I think perhaps two calls would be best given how EPA is splitting things up as referenced below.

Thanks.

Would you like to talk about both Parcel G (where rework is proposed on the radiation cleanup) and Parcel F (the parcel encompassing the shoreline and below tidal area)? Given the amount of work going on at Hunters Point, we now have two RPMs assigned, and one is taking point on Tetra Tech issues and the other is taking point on the Parcel F Draft ROD and non-radiation issues.

Hunters Point as to the email below. Having the RPM participate would be helpful, I'm sure.
Thanks.

Do you mean the issues regarding Parcel G and the rework? Or the billing issues? If you would like to discuss Hunters Point, I can see if our RPM is available as well. If you would like to discuss billing for the AOCs, I can see if Yvonne is available.

Brianna – we thought it would be good to set up a phone call to discuss some of these matters in more detail. Would you be available to do so this week or next? Please let us know and we can get something on the calendar.
Thanks!

Hi Buzz –

We've started posting all of our communications with the Navy regarding Tetra Tech at Hunters Point on our website. Our comments on the Parcel G workplan, as well as prior comments on their draft reports and other documents, can be found here:
